REFERENCE

"I have had the pleasure of working alongside Javier Alvarez as partnered editors, on several Feature Film and Television projects. It is with great pleasure to speak on Javier's behalf, as to the value he brings to any production considering his employ. In 30 years as a Feature Film and Television editor and as a member of The Academy of Arts and Sciences, I can say that Mr. Alvarez is one of the most extremely competent and gifted editors that I have ever encountered. He is a story teller. He is one who I've seen work closely with the Director and Producers with a great spirit of creativity, collaboration, and under duress - he remained cool and collected - always with THE FILM'S best interest in mind. Never have I so unequivocally endorsed the abilities of a fellow editor, and Javier Alvarez is that rare exception."
